## Fresh Ultra

Simply clean tap water

**drinkpure** Fresh Ultra is an easy-to-install water filter for installation under the sink. The innovative DrinkPure filters combine activated carbon filtration with state-of-the-art membrane technology.

This not only removes odors, pesticides and hormones from tap water, but also the smallest particles such as microplastics, rust or bacteria thanks to the patented membrane. And all that without chemicals.

**No more lugging water, no more bad taste or smell; just pure water joy.**

**Reduces bacteria and germs > 99.9%**

**Reduces rust particles, sediments, pesticides, hormones and drug residues > 99%**

**Reduces lead and heavy metals > 96%**

**Reduces chlorine and chloramines, PFOA/ PFOS**

**Reduces microplastics and plasticizers > 99%**

**Reduces odors (chlorine) and improves taste**

**Quick and easy installation**

**Quick and easy filter change**

drinkpure is a brand of:

## Technical Data

drinkpure Fresh Ultra

drinkpure  
swiss made 

### Dimensions and weight

H	29 cm
W	7 cm
L	7 cm
Weight	700 g

### Filtration performance

Filtration	3-stage filter (prefilter, microfiltration-membrane, carbon)
Flowrate	up to 7 l/min
Pore size	0.3 µm
Capacity	Up to 5.000 liters
Filter exchange	after 5000 liters or every 6 months (whatever occurs earlier)

### Operating conditions

Pressure	0,5-6,8 bar / 10-100 psi
Temperature	5-65 °C / 41-149 °F

The filter system is intended for treated drinking water (city water).

### Filtration

Bacteria	>99,9%
Microplastik	>99%
Lead	>96% (according to NSF 53)
Chlor	>99% (according to NSF 42)
Hormones z.B. Östrogene	>99% (according to NSF 401)
Drug residues e.g. Ibuprofen, Naproxen	>99% (according to NSF 401)
Plasticizers e.g. Bisphenol A, Nonylphenol	>99% (according to NSF 401)
Pestizides e.g. Linuron, Metachlor, DEET	>99% (according to NSF 401)

### Certifications and standards

#### Tested according to

The products including packaging comply with REACH Regulation 1907/2006/EC. The products comply with the RoHS Directive 2011/65 and 2015/863 on the restriction of the use of certain hazardous substances. The materials in contact with drinking water meet the requirements of the current positive list of the Federal Environment Agency (UBA) or comply with the requirements of the UBA assessment basis KTW BWGL.

### Connections and mounting

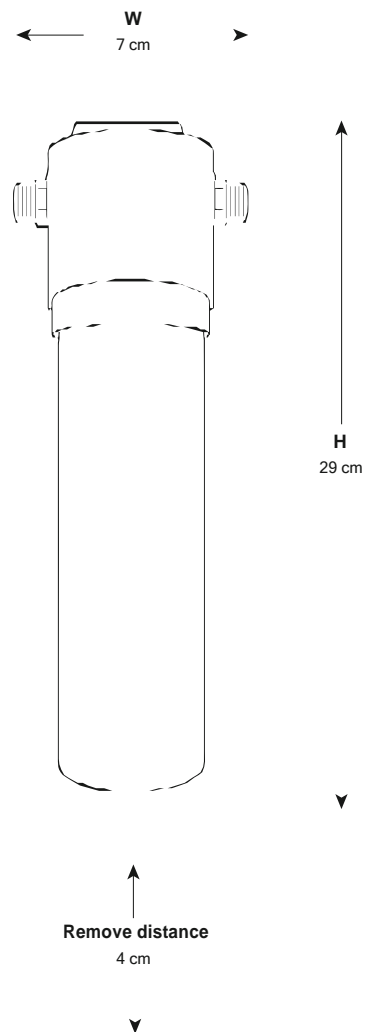

Thread connection	3/8" (or upon customer request)
Fixation	wall-mounted, self-adhesive wall bracket, connection hoses, shut-off valve and installation material included in delivery.
